

# Are you Homeless?

How to get a bed at CFH:

## *Checking In:*

We have beds for men, women, and families. These beds are available on a first come, first serve basis. You can call 574-282-8700 to see if one is available, but we cannot guarantee we can hold the bed until you are able to get here. Most of our move outs aren't planned, so we usually don't know when something will open up. It's best to keep checking as often as possible for an open bed. You need to meet the following criteria to check in:

- Must be street homeless or within 14 days of losing housing and have no other means of getting housing. You will need to be able to get proof of this. Our staff can help you with this.
- Must be able to pass a drug screen and a breathalyzer test.
- Must be able to pass a background check. We can't serve you if you have a sex offense or arson charge.
- Must not be on our suspension or barred list from a previous stay. If you are, you need to talk to staff about signing up for the Housing Review Board.

If you can meet all these, then staff will walk you through the check in process and get you settled.
